**Remote Sensors Series REMOTE SENSORS** 

# LT 100L TS38 15

## Remote Sensors

Standard, Remote Photoelectric Systems

#### **Compatible Receivers:**

LR 100L TS38 15

| Product Data      |                   |
|-------------------|-------------------|
| Function:         | Transmitter       |
| Housing Material: | Stainless Steel   |
| Housing:          | M12 x 1           |
| Connection:       | 15 m cable        |
| Sensing Range:    | Up to 18 m        |
| Optical Angle:    | +/- 6° (emission) |
| Indicators:       | None              |

| Technical Data                   |                            |
|----------------------------------|----------------------------|
| Photo Transistor:                | -                          |
| Power On Indicator:              | -                          |
| Output Indicator:                | Yellow LED                 |
| Light Source:                    | Infrared                   |
| Cable:                           | 2 x 0,25 mm <sup>2</sup>   |
| Housing Material Sensor Housing: | Stainless Steel (AISI 316) |
| Housing Material Lens Cover:     | Polycarbonate              |
| Transmitter Diode:               | Ga Al As, (880 nm)         |
| Cable Sleeve:                    | PVC Ø 4,0 mm               |
| Min. Cable Bending Radius:       | 45 mm                      |

| Environmental Data     |                    |
|------------------------|--------------------|
| Vibration:             | 10 – 55 Hz, 0,5 mm |
| Shock:                 | 30 g               |
| Operation Temperature: | – 25 to +65 °C     |
| Storage Temperature:   | – 40 to +80 °C     |
| Sealing Class:         | IP 67              |
| Light Immunity 20°:    | > 80 000 lux       |
